

Audience seating range

Keynote

Compact comfort

Our versatile seating ranges work perfectly on their own or with one of our staging systems. Robust, compact and comfortable, they are popular with audience and crew alike.

Easy to store. Easy to set up. Easy to relax and enjoy the performance.

System

Albany

Top of the range comfort is added to unrivalled practicality by the addition of extra thick upholstery. The air of luxury this achieves ensures that the Albany is at home in any theatre, concert hall or performance space.

Gloucester

The most popular in the range, the Gloucester offers the comfort and warmth of upholstery with incredible compactness: no fewer than 108 seats can be stored on the dual height trolley pictured below.

Burgundy

The Burgundy has a different frame with a wider base - and a highly affordable price tag. A choice of fabric and upholstery styles makes this increasingly popular.

All chairs have integral linking devices and fire-retardant fabric.

Options

In addition to a range of fabric styles and colours, accessories include:

- Tip-up seats
- Trolleys
- Floorbars
- Detachable arms
- Detachable writing tablets

We also supply a range of stacking chairs.
